BODY BUILDER

Maybe it's a truck body. Maybe a racing car body. But whatever model you're building, you want it to look the best. That means putting in a ton of care and concentration. And paying particular attention to the details.

And when it comes to details, no one out-muscles MPC. Details are MPC's strength. You see, at MPC spe-

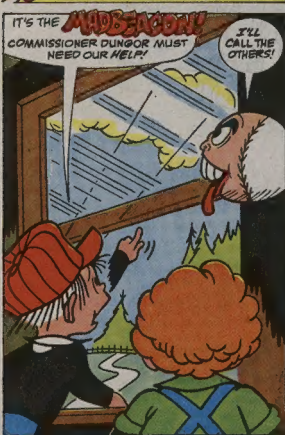

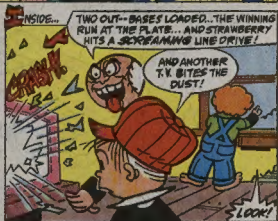

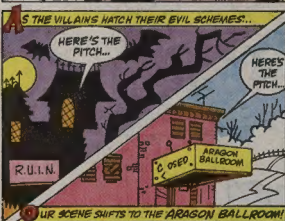

cial effort is given to insure that every car or truck is 100% authentic.

Whether it's an old model or a new one. A Classic Muscle Car or any of the newest '87 American High Performance Cars, MPC's got a model kit you can wrestle with.

So if it's a great body you want to show off, get an MPC Model Kit.

Just like the real thing. Only smaller.

Zittles:

Paperbacne:

hiding your face behind a book to hide behind a book.

Oppozits:

catching zits on each cheek.

"Zittles" are brand new words for the same old bums—acne pimples. What can you do about them? Launch a major Zitskrieg with the unbeatable medicine in Oxy 10⁺, Oxy 10⁺ Cover, Oxy 5⁺ and Oxy 10⁺ Wash. They all contain a potent measure of benzoyl peroxide, the very stuff that brought acne medicine out of the Dark Ages.

In fact, to kill acne bacteria and help prevent new pimples from forming, there's nothing stronger you can buy without a prescription.

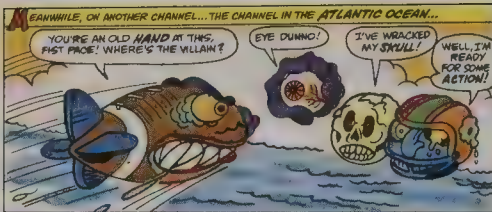

Next question: How clean can you get your skin? You know all those little embedded blackheads that like to call your nose home? Oxy Clean⁺ softens them up—helps send them floating down the drain.

Oxy Clean Medicated Pads, Cleanser, Soap and Scrub lift away dirt and oil so well you can actually prevent new pimples from starting in the first place.

So, if you're hiding your Paperbacne behind this magazine, get Oxy and get your face ready to face the world.

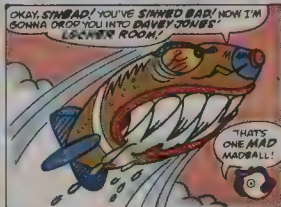

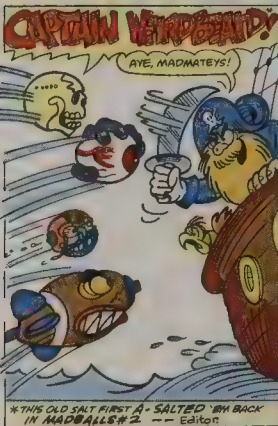

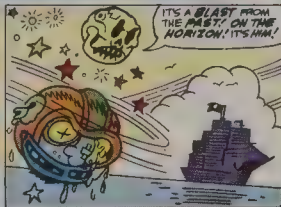

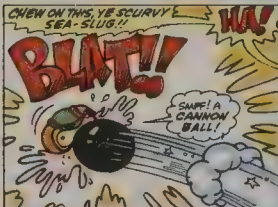

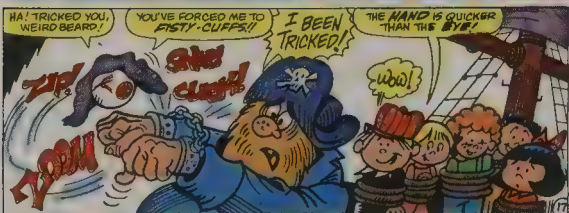

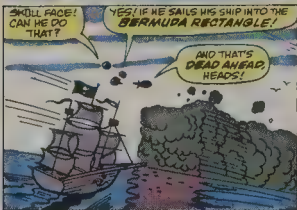

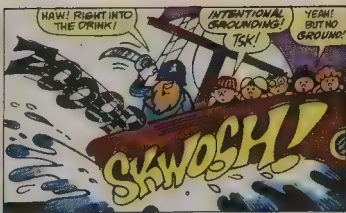

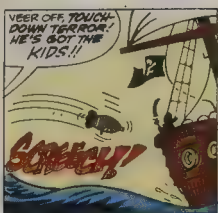

OXY Because zits are no laughing matter.

STAR SIGNALS

PRO FILE: MICHAEL GALLAGHER

Marvel freelance credits (present): Writer for ALF, MADBALLS, HEATHCLIFF, FLINTSTONE KIDS, CARE BEARS and FOOFUR, penciler for MADBALLS and HEATHCLIFF.

My hobbies are: Collecting comic books and superhero-related toys, and spending as much time as possible with family and friends.

The single work which I am most proud of is: Yet to come. To publish a collection of my father's cartoons and illustrations.

My pet peeves are: Tasteless television and dim-witted drivers!

My place of birth is: New York City.

My greatest accomplishment outside the comics field is: My award-winning performance as R.P. McMurphy in a local production of One Flew Over the Cuckoo's Nest.

My closest habits is: Talking to our three cats: Emerson, Miss Yvonne and Paul.

If they were making a movie of my life, I'd like to see my part played by: Jack Nicholson (since James Cagney is gone).

The reason I got into comics was: It was a lifelong dream come true — made possible by STAR editor Sid Jacobson.

People who knew me in High School thought I was: Irish!

My favorite performers are: Laurel and Hardy, Gleason and Carney, Bruce Springsteen, George Carlin, and Daffy Duck.

The last good book I read was: Interview with the Vampire by Anne Rice.

The last good movie I saw was: PEE WEE'S BIG ADVENTURE.

The biggest influences on my work include: John Gallagher, Walt Kelly, Jack Davis, Will Eisner, C.C. Beck, and Johnny Hart.

My greatest unfulfilled ambition in the comics field is: To write a story that will make my wife, Patsy, laugh!

The worst part of my job is: Trying to write and watch the Mets at the same time.

When nobody's looking I like to: Drive to Barnegat Light and walk along the beach.

The one thing I really want the world to know about me is: I'm happy to be here!!

DISGUSTING!

EYE AGREE!

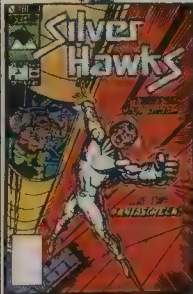

Peter J. Miller Gallagher

If you know these colors, you already know how to play.

Kids, learning to play a Casio **MUPPETS** Keyboard is as easy as telling one color from another. No kidding.

With the EP-10 **BABY KERMIT** keyboard, you simply match the colors below the keys with the colors in its own music book. It's that easy. You get four preset

sounds to play with—piano, flute, violin and fantasy. And then built-in rhythms with a tempo control to help you keep time. It even has a built-in tune to show you what it can do.

Our EP-20 **MUPPETS** keyboard—the one with *Kermit the Frog* and *Miss Piggy* on it—has a special Melody Guide that leads your fingers across the keys with flashing lights. You'll love the tunes—they're some of the *Muppets*' greatest hits. And you'll be able to play them using eight instrument

sounds and 12 auto rhythms.

If you know the difference between red and green or blue and yellow, you already know how to play. And just as sure as *Kermit* is an adorable green frog, you know you're going to have fun.
